

Features & Benefits

QuickBooks®

QuickBooks, hosted by Reckon Online, incorporates all the core functionality you expect with the ability to access your company data file anywhere, anytime over the internet, providing greater convenience, improved efficiency and greater productivity.

Work anywhere, any time

Now you can enjoy the convenience of being able to access your company data from anywhere in the world, at any time, just as if you were sitting in the office.

Work online or offline

Work on your company file online, or when internet access is not available, offline on a local QuickBooks desktop installation*. *Must also purchase a QuickBooks Enterprise 1 user version to work on a desktop application.

Share data

Allow many more users than most conventional accounting to work on a company file at the same time*. *Only 1 licence included. Additional licence required for each user.

Easy access for Accountants and Bookkeepers

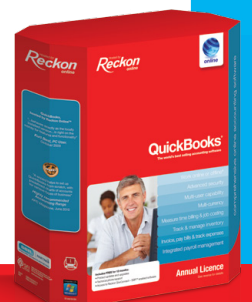

It's now easy for your accountant or bookkeeper to remotely log-in and work on your file simultaneously with you (with your permission), helping to ensure your company data is always accurate and up to date.

'Always on' audit trail

QuickBooks, hosted by Reckon Online makes it easier for your accountant to spot possible trouble spots or mis-postings in your accounts.

Advanced data security

Your data file is hosted and administrated by Reckon in a Tier 3 Data Centre, helping to ensure greater data security, better connectivity and multi-redundancy. Stored material can only be accessed and modified by the registered user who also decides who has access to vital company information whilst ensuring users only see the information needed to complete their job. For complete peace of mind, users can also backup data on their local hard drive.

QuickBooks®

Save data locally or remotely

QuickBooks, hosted by Reckon Online also allows you to save your company data in QuickBooks to your desktop or portable hard drive for greater peace of mind.

Eases the compliance burden

Software upgrades and updates will occur automatically to help ensure you're compliant with the latest government legislation.

Reduce your IT burden

All that's required to run QuickBooks, hosted by Reckon Online is Microsoft Internet Explorer 7 or above, Mozilla FireFox v3.5.7 or Google Chrome, and a broadband connection. So you don't need to upgrade your hardware to keep up with your accounting software.

To access QuickBooks, hosted by Reckon Online on a Mac or mobile device you must purchase a QuickBooks Hosted Premium license.

Easy Setup Wizard and Help Menu

The Easy Setup Wizard and Help Menu will assist you to have your business up and running on QuickBooks within minutes.

Intelligent integration

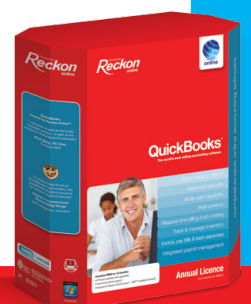

Intelligent integration capabilities allow you to access QuickBooks information stored on remote hard drives; print reports to local or remotely networked printers and email payslips, invoices and remittance advices directly from your nominated email address.

Enjoy tailored solutions for your industry

QuickBooks includes 21 industry specific Chart of Accounts, so only accounts relevant to your business are included.

Multi-company reporting

Parent companies and head offices can also combine reports to access data from subsidiaries, divisions or branches.

QuickBooks®

Multicurrency

With QuickBooks you can record, track and account for foreign transactions regardless of the currency used. Tracking these foreign-currency transactions is as easy as selecting the foreign customer or supplier from your list; QuickBooks takes care of everything else. With multicurrency, you can also set up a fixed foreign price for items, or enter prices in your home currency and then have QuickBooks calculate the foreign price based on the current exchange rate. The home currency refers to the currency that is used in the country in which your business is located.

No need for training

If you already use a desktop version of QuickBooks, you are ready for QuickBooks, hosted by Reckon Online. It contains all the QuickBooks functionality you are accustomed to, plus more if you were not already using QuickBooks Enterprise.

Hosted in Australia

Your data is held in Australia and subject to strict laws governing confidentiality, security and privacy for your peace of mind.

Hosted by a financially sound Company

Our performance and financial results are reported to the ASX and publicly available. (ASX: RKN).

Automatic data backup and disaster recovery

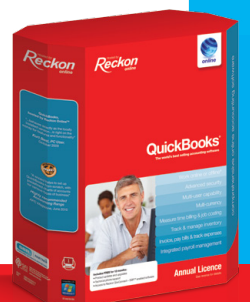

Data is backed up and replicated in two separate secure Australian locations.
