

ACT! by Sage 2009 (v11.0) System Requirements

Important Note for all System Requirements: All minimum system requirements are based on a single-user environment (one computer accessing a local database). In a shared environment, ACT! by Sage is designed to work with up to 10 users and ACT! by Sage Premium is designed to work with more than 10 users. Recommended server system requirements are for environments of more than one user. Customer registration and activation are required to use ACT! by Sage. Your system must meet the minimum requirements to be eligible for technical support.

Compatibility: ACT! cannot be used in conjunction with ACT! Premium. ACT! Premium is only compatible with its respective same editions.

Add-on Solutions: Visit www.actsolutions.com or check with your add-on product provider to determine compatibility.
